## WILSON LAYS HIS REPLY TO KAISER BEFORE CABINET

### SETS ASIDE DETAILS UNTIL GERMANY ASSURES RIGHTS OF AMERICANS

#### POINTS RAISED IN GERMAN NOTE ARE DISREGARDED

Significance Attached to Presence of State Department Counsellor Lansing at Cabinet Session

#### BERNSTORFF WORKS FOR PEACE

Is Reported Trying to Impress Upon His Government True Attitude of the United States

WASHINGTON, June 4.—The immense gravity of the present international situation, so far as concerns the United States, was emphasized by the cabinet meeting today. Confronted with the final approach of the German note, which is to be forwarded probably within the next few hours, President Wilson summoned to his aid Robert Lansing, counsellor of the state department. This was the first time that the counsellor, admittedly one of the great international law experts in the United States, has been present at a cabinet meeting.

Heretofore, the president has consulted the counsellor alone. Today he sent for him to aid in making the reply to Germany correct to the last detail so that there may be no room for misinterpretation in dealing with points affecting the honor of the United States.

Lansing took with him to the cabinet meeting, the brief he has prepared dealing with the issues raised in Germany's note. The unsatisfactory note received here last Monday night.

These points, as well as the Lansing note, including the difficulties attending the liner was used and carried explosives which were otherwise described in her manifesto.

While it was generally expected that the complete note will set forth that all other points raised by Germany must be disregarded until the United States is assured that the rights guaranteed to this country under international law are recognized, it was understood that the cabinet was to go to the root of every point contained in the latest German communication.

It is certain that the note asks Germany to recognize the freedom of the seas so far as American citizens are concerned. In replying to Germany's latest communication and the points it raises, the administration takes the position such questions are subordinate. The thing the United States must find out from Germany is whether or not she recognizes the provisions of international law and is prepared to accept the president's statement in the note, that American citizens are entitled to travel where they will.

Under Urges Concessions  
Count von Bernstorff, the German ambassador, has sent a strong communication to his government, urging that it make every concession possible to satisfy the United States. He will follow his note by other communications and when Dr. Dernburg calls for home via Norway a week from next Saturday, it is expected that he will be accompanied by one or two influential American citizens.

#### TEUTONS PURSUE RETIRING SLAVS TOWARD LEMBERG

Von Linsingen Is in Touch with Russian Left Wing and Big Battle Is On Near Stryj

#### RUSSIANS FIRE OIL WELLS

Petrograd Statement Says Fall of Przemyśl Is Not a Severe Reverse

BERLIN, via The Hague, June 4.—The Austro-German march on Lemberg has begun. Upon a 100 mile front, the combined forces of Mackensen and Linsingen are rolling the Russians back upon their last stronghold in Galicia. The Slavs are making desperate efforts to re-form their lines for a final stand.

#### Occupy Medyka

Nearly three entire Austro-German army corps pressed on through Przemyśl yesterday eastward along the Lemberg railway and occupied Medyka, eight miles east of the captured fortress city, without resistance. Dispatches from the battle front today said that the Bavarian troops and the main body of Mackensen's forces paused within the gates of Przemyśl but that a large body of infantry was hurried forward in pursuit of the Russians.

From the south, von Linsingen is hurling the full weight of his armies against the Russian left wing. A gigantic battle is raging along the front from the region of Sambor to north Stryj. Repeated terrific Russian counter attacks have failed to halt the Austro-German advance north of Stryj and the Russian left is slowly retiring.

Slavs Fire Oil Wells  
All the public schools were closed here today in celebration of the victory at Przemyśl. The Berlin newspapers predicted that Mackensen's drive will sweep every soldier of the czar out of Galician territory.

Russians Mitigate Defeat  
PETROGRAD, June 4.—Official announcement today that three Austrian regiments were slaughtered and 4,000 prisoners taken in a battle fifty miles northwest of Przemyśl partly offset the admission from the war office that the Galician fortress was surrendered to the enemy early yesterday.

The war office also reported that hundreds of Germans were asphyxiated by their own gas bombs on the Bzura front in Poland. "A sudden change of wind swept the poisonous gases back upon the enemy's trenches, forcing them to evacuate," said the official statement.

#### "Not Severe Reverse"

The war office bulletin today declared that the evacuation of Przemyśl must not be construed as a severe reverse to the Russians. The forces that held the city have fallen back to the eastward, upon previously prepared positions, that enable them to shorten their line and make further Austro-German advances in the direction of Lemberg highly improbable.

"The enemy took few prisoners and scarcely any munitions of war upon entering Przemyśl," it was officially stated.

#### BUSINESS MEN OFF FOR MOOS' PICNIC

More than a score of automobiles, loaded with business men of La Crosse and their families, were bowling over the roads north of La Crosse this afternoon bound for Otto Moos' farm in Sand Lake Coulee, their occupants bent upon enjoying the picnic and barn dance to which Moos invited them a week or two ago. Overcast skies were expected to have small effect on the attendance, as the roads all the way to the Moos farm are in good shape.

After supper this evening it is expected that there will be a regular procession of cars past Onalaska carrying those who will attend the dance at the old Richards place. Many of the business men unable to get away for the picnic are planning to attend the evening frolic.

### BERNSTORFF SENDS REPRESENTATIVE TO EXPLAIN U. S. STAND

WASHINGTON, June 4.—Meyer Gerhard will act as German Ambassador Von Bernstorff's personal emissary at Berlin in connection with preparation of the kaiser's reply to the next note President Wilson is to send relative to the German-American situation.

This was not admitted at the embassy today, but may nevertheless be stated as a positive fact.

Gerhard, called Thursday afternoon on the steamship United States of the Scandinavian-American line and will reach Germany by way of Copenhagen.

The ambassador's representative was one of the three Red Cross commissioners from Germany who crossed the Atlantic with Count von Bernstorff last August on their way to this country. The other commissioners were Dr. Dernburg and Count Siersdorff. Gerhard is said to be very influential in his own country.

What he will tell the kaiser and his advisors, it was learned, is not what he observed and thinks himself but just what he is requested to say by the ambassador.

Just what this statement will be, could not be ascertained, but in general way it has been known all along that Bernstorff felt Germany had not duly regarded or had failed to understand the American position.

It was taken for granted, therefore, that his counsel would be for a reply from Berlin of a nature to insure an amicable settlement.

NEW YORK, June 4.—An official of the Scandinavian-American line today told Meyer Gerhard's hurried departure on Thursday on the United States. The German ambassador's personal messenger to the kaiser, reached the steamship pier a few minutes before sailing time, and accompanied by four friends, went directly to his stateroom. His companions stood guard at Gerhard's room and would not permit anyone to interview him.

### MASONS DO HONOR TO GRAND MASTER IN BIG RECEPTION

B. F. Keeler, Grand Master, About to Retire from Highest Office in a Few Days

La Crosse Masons to the number of 500 extended special honors to B. F. Keeler, retiring grand master of the order, at a reception tendered him at the Masonic temple last night. Mr. Keeler's term as grand master, Wisconsin F. and A. M., will expire on June 9, when his successor will take office. It is the first time the office of grand master has been conferred upon La Crosse.

H. C. Thomas, worshipful master, who presided, gave a short address and B. F. Keeler outlined the work of a grand master.

The program included selections by Kreutz's orchestra, the Wesleyan Male chorus and Miss Trane sang several selections. An interesting juggling act was put on by two members of the Dalton Show company and luncheon followed at ten o'clock. Mr. Keeler was presented with a large layer cake bearing on its top the grand master Mason's emblem. J. E. Langdon making the presentation address. Dancing followed.

### GEORGE HERRINGTON FOUND IN WATER; MURDER SUSPECTED

Former La Crosse Man's Body Found in Lake at Kansas City After Floating a Week

#### BRUISES INDICATE FOUL PLAY

Frank Herrington, Father, Leaves Tonight for Missouri Town to Investigate Death

George Herrington, 35, a son of Frank C. Herrington, 1536 Avon street, Burlington road yardmaster at Grand Crossing, is dead at Kansas City today under circumstances which the police of that city say may point to murder.

Herrington's body was found drifting in Penn Valley Park lake, where apparently it had been for several days. The back of Herrington's skull was badly lacerated and the police are of the belief a blow on the back of the head caused his death, and that the body was thrown into the lake.

Word of the finding of the body reached Mr. Herrington here at noon today. Kansas City authorities are holding it until relatives arrive. Mr. Herrington will leave tonight for Kansas City, where he will institute a thorough investigation.

Miss Josephine Leniton, Kansas City, Herrington's sweetheart, is of the belief that young Herrington committed suicide. Miss Leniton received a letter from Herrington while she was visiting friends at Waukegan, Kansas. The letter was the last heard from Herrington. The letter said that Herrington was very depressed because he could not stop drinking.

#### Sweetheart Fears Suicide

Miss Leniton and the police differ as to the cause of Herrington's death. The latter point out that should Herrington have committed suicide the back of his head would not have borne the bruise, and that the laceration was too severe to have been inflicted after the body was in the water.

Police are of the belief, according to a message received here, that Herrington's body was in the water for a week or more.

Herrington left La Crosse about one year ago. He was formerly employed in the car repair department of the Burlington road. Employees of the road here knew Herrington well. At the time of his death Herrington was engaged as salesman for an oil concern at Kansas City.

A sister of Herrington's is a nurse in a Denver, Col., hospital.

### BOSSHARD LAUDED BY COMMERCIAL MEN BRADLEY SCORED

J. W. Callaway and R. H. Worth Re-elected to State Offices; Mrs. Callaway Is Honored Too

Otto Boshard of La Crosse received unsought honors today at the hands of the traveling men of the state, now in convention at Eau Claire, according to a dispatch from that city. The salesmen unanimously passed a resolution of thanks and commendation to the La Crosse senator for his fight to secure the passage of the anti-tipping bill which was vetoed by Gov. Philipp. In the "same wind" almost the convention passed resolutions condemning Assemblyman Bradley of Hudson for his activity against the bill and his "attitude against traveling men."

J. W. Callaway was re-elected grand treasurer of the state U. C. T. and R. H. Worth was returned to his post in the grand executive council. Mrs. J. W. Callaway was elected inside guardian of the Rebecca assembly at Manitowish. E. L. Koehl of Milwaukee was elected grand sentinel, and Superior was chosen as the next convention city.

A resolution was adopted against the repeal of the present hotel inspection law. William F. Raetz, Manitowish, was elected grand senior councillor of the state, and other grand officers elected were: Junior councillor, A. E. Vanderrou, Oshkosh; past councillor, Charles E. Rupp, Appleton; secretary, Thomas A. Wensik, Milwaukee; conductor, R. A. Honeycomb, Madison; page, George B. Campbell, Marshfield; sentinel, E. O. Koehler, Milwaukee.

Resolutions expressed confidence in President Wilson in his present crisis.

BARTLESVILLE, Okla., June 4.—With the zinc smelters rushed to fill war orders, a voluntary increase of 15 per cent in wages was announced by the Bartlesville smelters.

### DANISH CAPTAIN SAYS GERMAN SUNK HIS SHIP KNOWING IT WAS NEUTRAL

LERWICK, Scotland, June 4.—The Danish three masted sailing ship Salvador, bound from Copenhagen to England with a cargo of timber, was shelled and sunk by a German submarine in the North sea. The crew was picked up by the trawler Fermo and landed here today after drifting for twelve hours in an open boat.

"The submarine came alongside Thursday morning," said Captain Sand of the Salvador, "and her commander shouted that he would give us just five minutes to take to the boats."

"I said, 'this is a neutral ship,' but he said that didn't make any difference; we couldn't take a cargo of any kind to England. I asked him what would become of our families if he sank us. He said he would be sorry if anything happened, but that war was war and that we'd better get into the boats."

"After we rowed away the submarine's crew set fire to the Salvador and then sank her with a few shells. Then they ran alongside our boat, gave us some tobacco, two bottles of brandy and a couple of rubber coats and towed us a short distance. They dropped us when another ship came in sight."

#### Swedish Steamer Torpedoed.

LONDON, June 4.—The Swedish steamer Lappland has been torpedoed, according to admiralty dispatches today. The Lappland was a 2,238 ton steel screw steamer owned by a Stockholm shipping firm. The Norwegian steamer Cubano was torpedoed off the Flannan islands. Other victims of the submarines during the twenty-four hour period were the Welsh trawlers Hirold and Victoria.

#### PLAYFIELDS OPEN AND BATHS ALSO IN A FEW WEEKS

The city's playfields will be officially opened by the park authorities on June 21, according to announcement made today. The public baths will be thrown open to the public June 15.

Fred W. Dickens, who was superintendent of the play fields last year, will again be in charge, and men are already at work putting apparatus, tennis courts and grounds in shape.

### GUNNERS SHOOTING IN ANNUAL TOURNEY AT RANGE TODAY

High Scores Expected in Interstate Meet; Weather Considered Excellent for Shooting

Ideal weather today greeted the thirty-one trap shooters of Wisconsin, Minnesota, Illinois and Iowa who assembled for the annual registration shoot held under the auspices of the La Crosse Gun club at the range on the north side at Gillette and Rose streets.

The partly cloudy sky and the total absence of wind were expected to be strong factors in the making of record scores by several of the cracks entered in the meet.

Outside of the La Crosse Gun club, the Pioneer Gun club and the Mormon Coulee Gun club, a score of towns were represented at the meet. Winona sent a good delegation while Portage was also well represented. Men were entered from Wabasha, Red Wing and several other points outside of the state.

#### The Scores

J. E. Harker of Minneapolis at two o'clock today led the amateur field of some twenty-five shooters with a score of 116 birds out of 120. A. J. Robarge of La Crosse was second, with 114. Other amateur scores were: J. V. Winter, La Crosse, 113; J. A. Bartl, La Crosse, 111; George Miller, La Crosse, 110; W. J. Raup, Portage, Guy Deering, La Crosse, and O. P. Goode, Hinsdale, Ill., 109.

O. P. Goode placed second in the Grand American Handicap shoot at Dayton, Ohio last year. W. J. Raup won the preliminary handicap match in the state tourney of 1909.

Shooting among the professionals today was slightly above par. J. R. Graham of Long Lake, Ill., leading with 115 out of 120 at two o'clock. Dick Clancy of Chicago, was second with 114 and C. C. Mitchell of La Crosse was third with 112. Other scores were: C. E. Robbins, Minneapolis, 109; W. D. Higgins, Minneapolis, 108; F. H. Sierkin, Milwaukee, 106.

Graham, while still an amateur, established a run record of 157. He won the world's amateur championship at the Olympic games at Stockholm in 1912, shooting on the American team. Since that time he has entered the professional ranks.

### RUSH FROM CITY BY EVERY POSSIBLE MEANS OF TRAVEL

Anticipate Trouble Will Result from President Wilson's Warning to Factions

#### NOTE IS NOW BEFORE LEADERS

No Indication of Reply to Be Made Given by Either Carranza or Garza

LAREDO, Texas, June 4.—A troop movement which may be significant in view of the change in the American-Mexico policy, brought the Carranzista garrison strength at Nuevo Laredo up to 1,500 men today. General Procopio Alejandro, with 800 men, was added to the soldiers already there, and Alejandro was named to succeed Gen. Alfredo Ricaut, the Nuevo Laredo commander.

WASHINGTON, June 4.—Anticipating trouble as the result of President Wilson's abandonment of "watchful waiting" in Mexico, British authorities in Mexico City are adopting extraordinary methods to get English subjects out of the capital and to the sea coast.

Unable to get adequate railroad facilities, the British legation, according to a report received at the state department today, is sending English men, women and children out on horseback and in automobiles. Under supervision of the legation attaches, these refugee caravans are making for Pachuca, on the line of the Mexican National railway, whence it is expected train service may be had to Vera Cruz. At the seaport, it is expected the British citizens will be brought to the United States.

The Brazilian minister at Mexico City, acting for the state department here, is doing everything possible to arrange for trains to carry Americans and other foreigners from the capital.

Altogether there are about 25,000 foreigners in Mexico City, of whom about 2,500 are Americans; 17,000 Spanish, and the rest British, German, French and Chinese. Anti-foreign demonstrations have been feared.

That the Wilson message has reached at least two of the leaders of the opposing factions was communicated to Secretary of State Bryan just before the meeting of the cabinet.

Consul Silliman, Vera Cruz, reported that he had laid the president's statement before Carranza and the Brazilian minister at Mexico City made the same report with regard to the government supported by Villa.

Consul Carothers, Chihuahua, reported that he was endeavoring to get in touch with Gen. Villa.

No Word of Reception  
The department did not disclose what was reported by Silliman, and the Brazilian minister, regarding the reception given the president's statement.

### TAMING BARBARA

By ALICE LEE.

(Copyright, 1915, by the Tribune Newspaper Syndicate.)

Blake St. John wondered what they all meant by that continual reference to his fiancée.

"Taming Barbara," indeed! he mused. "What a man could ask for a sweeter, meeker little soul."

## Daddy's Bedtime Story—

The Reading That Isn't In Books.

"THERE'S a kind of reading that isn't in books," said daddy to Jack and Evelyn, beginning the evening story, "and I will tell you about it. It's a kind of reading that will do you just as much good as reading from books, though in a different way."

"Once there was a little boy who was a regular bookworm. Do you know what a bookworm is, children? It's a boy or a girl or a man or a woman with the nose always burrowing in a book."

"This little boy I am talking about used to read just all the time. He was a smart little boy in a way, and he learned to read early. He read all his picture books when he was five, and when he was six he could read words that were quite big and fat."

"Well, you couldn't get that little boy out to play with the other little boys, and he didn't like to stop and help his mamma, I am sorry to say, and he had rather not stop to eat his meals sometimes, he was so fond of reading. When he was six he liked to read the big family Bible, principally, I imagine because there were big pictures in it."

"Well, when you wanted to find that little boy you could usually depend on discovering him flat on his little tummy in some room by his little self reading. And because he didn't get enough exercise he grew scrawny, and his appetite fell away, and the doctor said to his parents that he must stop reading so much and get out of doors more."

"So one day his papa, who was a fine rider on a prancing horse, came into the room where that boy was lying on his tummy reading and picked him right up and carried him out and put him on the horse's back and told him to stick there. And his papa led the horse around. And by and by the little boy found he liked to be up on the horse's back out in the fresh air."

"That's when he began to learn the kind of reading that you won't find in books. He learned the language of the breeze whispering among the leaves and grasses, and he learned the message of the warm sunshine falling upon the green earth and what the hum of the busy bees meant and many things."

"And later his papa sent him with some big boys he could trust, and he learned to swim. And what fun he had! And in one way and another he learned the lessons from the book of the great outdoors, summer and winter."

"Instead of being a scrawny boy with a poor appetite he became a strong boy, and his mamma could have told you how much he could eat. He was a happier boy after that. He read from printed books, too, but he learned also to read from the great book of nature, the finest book in the world."

than Barbara Barstow, whom an obliging relative had suggested that he marry if he expected any of said relative's golden quarts."

"Hang it all, Uncle Moses," Blake had stormed, "what do I care about your money? Not enough to marry a girl I never saw. No nice girl would ever go to such an absurd plan, any way."

"Absurd, eh?" shouted Uncle Moses, pounding his cane so violently that Blake skipped out of reach. Understand, young man, that Barbara Barstow is my favorite niece of the other branch of the family, and if you never met the Barstows it's high time you did. And, moreover, if you don't marry the girl she won't get any of my money, and bless her, she needs it. They're poor as Job's turkeys. Uncle Moses shook his head dismally.

"Do you mean to say that you'll cut off Barbara Barstow if I don't marry her?"

"Yes."

"But it won't be her fault."

"I've said my say," said Uncle Moses grimly. "Then one day Blake had come over to see the Barstows and so impressed was he by their evident poverty and shabby gentility that he paid assiduous court to pretty, dark-eyed Barbara, the youngest of the flock of five girls. He found it easier to love Bar-

bara than he expected, and one day they became engaged."

"And all the relatives held up their hands in horror and asked one another how Blake could tame Barbara. For it appeared that Barbara was a dreadful tomboy, quite a semi-barbarian, as Aunt Prissy said jerkily."

Blake believed that when they were married Barbara would give up climbing trees after birds' nests, or scaling fences and fishing, or any of the other boyish sports in which she indulged. But their wedding day came and went and Barbara did not lose her love for the woods and fields."

Blake admitted that his household affairs were administered with great system—all the Barstow girls were famous housekeepers. Even if Barbara had spent the afternoon riding around the country on her black horse, Pony, she was always ready to grace the head of his table at the dinner hour."

Uncle Moses gave them a handsome present and promptly neglected the St. Johns."

Blake did not care for his own sake, because he had sufficient to live on comfortably, but he worried about Barbara's people. There were so many girls and their future independence had hung on Barbara's marriage in accordance with Uncle Moses's wish."

Blake did not expect too much from this marriage—he was fond of Barbara and they were good comrades—but as for sentiment, they wisely refrained from any substitute for the real article."

One day Blake had a taste of Barbara's fiery temper. He had come

behind her chair and softly kissed the curls in the nape of her pretty neck.

"How dare you?" she stormed, looking like an angry kitten.

"But my dear, I am your husband," expostulated the abashed young man.

"I don't care if you're my grandfather!" declared Barbara. "I don't want you to kiss me—yet!"

"Not yet?" echoed Blake. "Pray, when may I—when?"

But Barbara relapsed into a cool silence that Blake, offended, would not be the first to break."

It was a pretty state of affairs, he told himself hotly, a pretty state of affairs when a man couldn't kiss his own wife."

The more Blake revolved the episode of the stolen kiss the more he became interested in Barbara."

How could he tame Barbara? That problem confronted him morning and night. Barbara did not appear to be worried about her husband. She treated him with an airy insouciance that sometimes provoked him to bitterness."

Suddenly Uncle Moses died, and when his affairs were settled up it was found that he had made a will in favor of the Barstows long before Barbara's marriage, and, so far as any one could see, the marriage of Blake and Barbara was an unnecessary sacrifice to Mammon."

Aunt Prissy told of this to Barbara one day.

"My dear, it seems such a pity that Moses tied Blake St. John down to such a promise. I heard he was engaged to that tall Miss Pettit from Lanesboro. It serves him right, though, for making a mercenary marriage."

Barbara was very pale when she went into the house, after seeing Aunt Prissy drive off in her ancient phaeton. She donned her riding clothes and went out to the stable after Pony.

For several hours she rode like a mad woman, up hill and down dale, and when Blake, returning from town in his little motor car, met her at the crossroads, she looked like a small scared brownie."

"What is the matter, Barbara?" he asked, alarmed at her appearance.

"Nothing! I'll race you to the gate," she challenged. So Pony and the runaway sped briskly along the road until they reached home."

Before dinner, Blake, seeking his wife, found her curled on the rug before the library fire. All the dainty little ringlets were inviting his lips, so he coolly knelt beside her and kissed her."

Barbara sat very still. He stole a look at her face. It was turned wistfully toward him.

"That is because I love you and I have the right," he said proudly.

"But—you married me so that you would not lose Uncle Moses's money," she reminded him.

"The day before our wedding Uncle Moses confessed to me that he had already transferred their share to your people, but I had learned to love you, and I would not give you up, although Uncle Moses had a conscience-stricken notion that I would."

"But you, Barbara—you married me—a man you didn't love—just to keep your family from poverty!" he concluded.

"The night before our wedding," confessed Barbara, "Uncle Moses told me all and said it was not too late to withdraw."

"And you chose to marry me—"

## STEPS TAKEN TO GUARD U. S. PEOPLE

American Ambassador in Berlin Gets Official Permission to Carry Out Citizens if Necessary

AMSTERDAM, June 4.—American Ambassador Gerard already has taken steps to safeguard Americans in Berlin in case of any unforeseen events. This was learned today from authoritative sources.

The American ambassador asked the German foreign office for assurance that the embassy staff and their families, American Red Cross workers and Polish relief commissioners, and American newspaper correspondents be permitted to leave Berlin on a special embassy train in event of any breach between the two countries. Von Jagow gave full assurance of every protection.

## CORONER TAKES HIS LIFE WHEN PLOT IS DISCOVERED?

Wholesale Attempt to Poison Prominent Hoosiers Fails and County Official Dies, Supposedly by Own Hand

SPENCER, Ind., June 4.—Men closely associated with the investigation of Owen county's poison plot, professed today to be reasonably certain that developments would soon clear up the mystery of the wholesale attempt to poison prominent people. The most startling development was the sudden death, apparently by poison, of County Coroner F. Edward Drescher, an undertaker.

Drescher's death was self-administered, it is believed. He had been the object of suspicion for some time and it was understood an arrest was to have been made today. Drescher was the unsuccessful opponent of Charles P. Surber for the democratic nomination for county recorder. Surber was warned that he might never live to take office and later with twelve other persons, received bottles containing "samples" of quinine, which contained enough strychnine to kill. Only one man took any of it. He recovered.

## OKUMA MINISTRY SURVIVES CRISIS

Big Anti-Government Demonstration Marks Discussion of Chinese Settlement

TOKIO, June 4.—Despite the action of the house of representatives in upholding the Okuma government, a great crowd participated in the anti-government demonstration here tonight. Several street fights occurred.

The charges made by leaders of the opposition that the negotiations with China endangered the future peace of Japan, resulted in heated controversies when the house of representatives met. Premier Okuma defended Japan's part in the negotiations and received a great ovation when he declared the report that the suspicions of the United States and England had been aroused, was untrue. The house voted down by an overwhelming majority a resolution expressing lack of confidence in the Okuma ministry.

## IMPLICATES HUSBAND IN GIRL'S DEATH

MUSKEGON, Mich., June 4.—Lying on a cot in Hackley hospital, Mrs. Martha Schrebe Steele, convicted two weeks ago of the murder of her stepdaughter, Evelina Mary, 11, today accused her husband, Albert Steele, of complicity in her crime. The man was immediately placed under arrest by sheriff's deputies.

Mrs. Steele told officers today that her husband advised her to "get rid of the child."

Later in the day Mrs. Steele was taken before Judge Sullivan in circuit court here and received sentence to life imprisonment in the Detroit house of correction.

## BING! UP GOES TAX FOR STEEL FIRMS

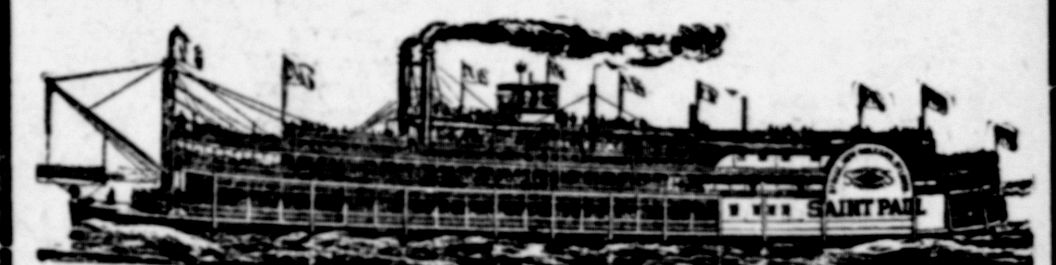

HIBBING, Minn., June 4.—Hibbing's municipal expenses will not be curtailed, but they will be increased. This was the announcement today of Mayor Powers, following a city council meeting that lasted until early today. The council decided to force the steel corporations to pay their taxes, which were refused. The corporations pay the majority of Hibbing's taxes. They alleged that feeling against corporations caused Hibbing's residents to boost taxation.

## AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

SAVORS OF  
BAD FAITH

In its recent reply to the demands of President Wilson that American ships on the seas be guaranteed, Germany sets up the defense for sinking the Lusitania that she carried masked guns and as she is registered in the British naval list as a tender, an auxiliary cruiser, she was at the time the torpedo was fired an armed warship of Germany's enemy. Germany claims to have proof of this statement which is positively denied by the New York port officials who inspected the Lusitania.

Is not this a dangerous claim for Germany to make? If the Lusitania was indeed armed, Germany was in a position to put her out of commission without bloodshed. All the German government needed to have done was to bring its proofs regarding the masked battery to the attention of the United States authorities, and the latter would have been obliged, by treaty, to intern the Lusitania for the remainder of the war.

In every case the United States has done this. No armed British boat has been permitted to leave our ports, and the strict neutrality observed by Uncle Sam was sufficient guarantee that none would be. Armament of the Lusitania sufficient to justify the attack upon her would have been exactly equal justification for her internment. The thought suggests itself that Germany felt that her case against the Lusitania could more easily be proved with the liner in the ocean's bottom.

The Chicago censor wouldn't pass a movie mermaid who was dressed in smiles and zephyrs—he said the outcome was too airy.

Chicago city fathers are contemplating giving up part of the city's rule of the street car company's receipts to help the company, which

insists it can't meet the wage demands of its employees. That seems fair—look how many times the street car companies in Chicago are reported to have given up to the city fathers.

GERMAN DARING  
AND EFFICIENCY

Forgetting, for the moment, that we have reached the point of the "retort courteous" with Germany, let us pause to again recognize the military efficiency of the Kaiser's forces. General Mackensen's recapture of Przemyśl is an achievement of genuine importance and that the serious obstacles to its accomplishment were overcome is credited to the effectiveness of German artillery no less than to the dogged persistence of the German fighting men. With its seizure of forty miles of railroad paralleling the Russian battle front, Mackensen's army will undoubtedly break up the Slav campaign as at present planned.

Nor need we hesitate at generous recognition of the German under-sea fighters. It matters not that we condemn some of the specific work of these diving sea dogs. The commander of a submarine merely obeys orders, and the responsibility of judgment is seldom his. We cannot withhold admiration for the daring and success with which they engage in their perilous adventures.

San Marino, a republic which holds sovereignty over 38 square miles of territory, has declared war on Austria. In the absence of a pink or purple book explaining that San Marino is fighting the battle of civilization, we take it for granted that Austria refused to give her a city block or so to remain neutral.

There will always be special privileges. Some fellows can get a kiss where others can't. — Louisville Courier-Journal.

Say "thank you" to Mr. Kipling, Marse Henry. But Rudyard said it shorter—"favoritism governed kissage."

A New York correspondent wired his paper that the boat he went to Europe upon was chased by a submarine, but the captain and all the ship's crew denied it. Which leads to the reflection that it must have been right powerful liquor.

Jawn D. has undertaken to conduct a model county in one of the southern states. We'll bet one of the first things that county learns is not to tax the hand that feeds it, a la Cuyahoga, Ohio.

The Pioneer Gun club will shoot for prizes next Sunday. The pastime is much in favor in Europe, but the local version differs in this—shooters know what they are shooting for.

A lady correspondent of the Ladies' Home Journal says that no man of refinement would snore; which leads us to believe that either she's not married or her husband snores.

The anti-hazing bill now under discussion at Madison probably meets with the approval of everybody but this year's freshmen—they hate to lose their turn.

It always did seem more sensible to us to send Mexico food instead of guns.

In sowing wild oats a quart of rye will generally produce a peck of trouble.

Benevolent Individual—"Yes, sir; I hold that when a man makes a little extra money his first duty is to make his wife a present of a handsome dress."

Stranger—"You are a social philosopher, I presume?"

"No, I'm a dry goods merchant."

"I wish I had money enough to get married," he remarked.

She looked down and blushed. "And what would you do?" she asked, looking very hard at the carpet.

"I would spend it traveling," he replied.

Quips and Cranks  
and Wanton Wiles

In a Newspaper Office

Over the phone where the desk man sits.  
Torturing copy night and day.  
Now and again a question flits  
Chasing the desk man's gloom away.

Facts and figures are infant's play  
To the sage who answered this  
gorgeous pair:

"What does the average Walrus weigh?"  
"What was the color of Bonaparte's hair?"

Solomon Rex would lose his wits  
Retailing wisdom in this way:  
Socrates' mind would fall in bits  
After the phone had had its say.

Yet from September 'round to May  
The desk man carols an answer fair  
To "What does the average walrus weigh?"  
And "what was the color of Bonaparte's hair?"

"How many souls in Czernowitz?"  
"How do you get to Baffin's Bay?"

"What is the price of boxing mitts?"  
"Who was it wrote 'The One-Hoss Shay'?"

Question by question, grave and gay,  
Covering earth and sea and air:  
"What does the average walrus weigh?"  
"What was the color of Bonaparte's hair?"

Oracle-Man of a later day.  
Answer me now these questions rare:  
What DOES the average walrus weigh?  
What WAS the color of Bonaparte's hair?

A prison missionary was insisting to one of the guards that there is some good in everybody. To prove it, she sought out the prison demon and found him stroking a huge tomcat.

"There," said the woman, "a man who will pet a cat certainly has some love in his heart."

"Do you love that cat?" the woman asked the demon.

"Yes, he replied, still stroking the animal, 'you bet I do; anybody who hurts that cat will do it over my dead body—he bit the warden this morning.'—Everybody's Magazine.

A stranger was hunting quail in the mountains of Georgia, where by reason of the wild peas, they are very numerous. One day his dog flushed a flock of wild turkeys, to the rage of a native youth who had been creeping toward them. The boy promptly brought his old-fashioned six foot rifle to his shoulder and the bullet cut up the dirt under the dog's feet.

"TIZ"—A JOY TO  
SORE, TIRED FEET

"TIZ" for aching, burning, puffed-up feet and corns or callouses

"How 'TIZ' does help sore feet."

Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony.

"TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and wear smaller shoes. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Shortly after the reconstruction period began an old southern planter met one of his negroes whom he had not seen since the latter's liberation.

"Well, well!" said the planter. "What are you doing now, Uncle Josh?"

"I's a-preachin'."

"What! You preaching?"

"Yassah, marster, I's a-preachin'."

"Well, well! Do you use notes?"

"Nossuh. At de fust I use notes, but now I demands de cash."—Judge.

WOMAN COULD  
NOT SIT UP

Now Does Her Own Work.  
Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.

"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."

—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

The next instant the boy disappeared in the brush.

Later in the day the hunter came across a mountain cabin, and saw the same boy in the yard with a man whom he took to be his father. He hailed the man and angrily gave an account of the morning's incident.

"He wasn't forty yards away when he shot at my dog, I think he should have a good thrashing," he continued.

"Misses a dawg at forty yards?" the mountaineer asked in astonishment. "Yo needn't worry 'bout that lickin', stranger; he sho' will git one all right."—Rebooth Sunday Herald.

Queer requests are often received for prescriptions, which might puzzle either doctor or chemist, far more skilled than a proprietor of the ordinary drug store. Here is one recently reported. It is a note from an excitable mother, whose nerves were apparently as much in need of treatment as the digestion of her infant:

"My little baby has et up its fathers parish plaster. Please to send an anecdote by the inclosed little girl."—Youth's Companion.

He turned uneasily to the woman beside him. A vapory cloud had drifted across the moon, and in the half-light he could not see in her face. He only knew that she was gazing wistfully into the darkness, and that she had forgotten him.

"We must hope for the best," he said, with awkward cheerfulness. "The minute we arrive in England I will send you a telegram. And then you can hurry over as soon as—as Mrs. Farquhar has seen her husband and is fit to travel. You—

MIRAGE

They left the boulevard behind them and turned into a narrow street. A little Arab boy brushed past them, waving the last edition of L'Echo de L'Oran.

"Rising of tribes in the north—rumor of disaster—Sidi-bel-Abbes isolated—"

The piping voice and broken French lost itself in the crowd that had not for an instant thrown off its drowsy and incredulous indifference. Farquhar had scarcely heard. They had begun to run again. The swifter movement was like an opiate to an intense physical agony. The Arab houses on either hand were curiously dark and silent. They built a narrow, lightless passage barred at the far end by a low wall, beyond which lay the great road to the north. Here was no sentinel and apparently no watcher. The two fugitives dropped soundlessly into the sand. Before them lay the Palm Grove—a dark patch in a transitory sea of silver. Farquhar ran forward. He had seen the horses standing in the shadow; he had seen some one who came out to meet him. An instant Preston's hand gripped his.

"Thank God—Farquhar—if you knew what we have suffered this last quarter of an hour!"

The "we" was all that he had heard. He saw her then. She came out of the darkness, a slight frail figure in the big cloak, her hands outstretched. He caught them and kissed them, and then the white grave face which she lifted to him with the dignity of a great and single passion.

"You had my message, Gabrielle?"

"Yes."

"You understood?"

"Everything."

The light which shone in her eyes dazzled him. It was supreme happiness, supreme sorrow.

"If there is a new life waiting for me over there you will come to me, you will help me to live it—as you have helped me to live in the past—"

"I shall be always with you Richard. But you must not think of me now; think of your life—for my sake."

An Arab servant brought two horses. She drew back instantly, and Farquhar swung himself into the saddle. Preston came up to him and pressed his hand for a last time.

"Our friend Gotz here will explain everything that has happened. You will ride straight to Les Imberts. It is thirty-two kilometers—you should be there before daybreak. Let your horses go. There is a train starting for the north at five o'clock. I shall be on it. We meet at Oran. I shall have passports for two Englishmen—Richard Farquhar and John Eyles. You will remember? Now off with you—and Godspeed!"

Gotz had already driven out of the grove. Still Farquhar lingered. Gabrielle had come forward and placed something hard, metallic, in his outstretched hand.

"It is your one gift to me—your revolver," she said. "It is loaded. May it guard you well, Richard."

For a fleeting second he looked down at her. Swifter than a dream he relived his life as he saw it mirrored among the shadows in her eyes.

"You have saved me twice," he said. "You will save me again. God keep us for each other."

He drove his heels in his horses' flanks and a moment later was galloping at Gotz side across the plain.

Those who remained watched the two moving points of darkness till they had passed from the silver into the black horizon. Then Preston shook himself like a man waking from a dream. The Arab servant still waited, and he tossed him a handful of money with reckless prodigality.

"As much more if you can hold your tongue."

He turned uneasily to the woman beside him. A vapory cloud had drifted across the moon, and in the half-light he could not see in her face. He only knew that she was gazing wistfully into the darkness, and that she had forgotten him.

"We must hope for the best," he said, with awkward cheerfulness. "The minute we arrive in England I will send you a telegram. And then you can hurry over as soon as—as Mrs. Farquhar has seen her husband and is fit to travel. You—

Wonderful Blood Remedy  
That Works in the Tissues

The Very Latest Theory About How and Why the Blood is Disordered.

S. S. S. Means Pure Blood Which Insures Long Life and Health.

The great experts in Chemistry and Physiology now declare what has all along been contended by the Swift Laboratory that the germs of blood disorders find lodgment in the interstices of the tissues.

And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.

This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the nutritive elements of wheat, roast beef, and fats and the sugars that make up our daily ration.

As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life.

S. S. S. is prepared only in the laboratory of the Swift Specific Co., 301 Swift Bldg. Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.

S. S. S. is sold everywhere by all drug stores. Beware of all attempts to sell you something "Just as good." Insist upon S. S. S.

you've been so splendidly plucky. Miss Smith. I know that you will be plucky right to the end."

"Yes—of course—right to the end." She turned to him suddenly and her voice deepened. "Mr. Preston—you are Richard's friend—I think you are mine. Will you do something for me?"

"Anything—anything in my power."

"I felt you would—I trust you. I shall see rs. Farquhar safely back to England, and then—I shall leave her."

"Yes—I supposed—"

"I shall go away, Mr. Preston. The significance in her voice startled him into a swift painful understanding. He turned on her almost roughly.

"You aren't going to leave—desert him?"

"Yes—I must."

"Richard loves you. Hasn't he suffered enough—don't you care—"

"I care with all my heart—only I haven't the courage. I have the courage to pick myself up and go on fighting my way forward, but I haven't the courage to hang a fate like mine about the neck of an innocent man. I care too much."

She lifted her eyes to his face, and though the shadows hid them he knew that they were steady and fearless. "You think me very conventional, after all, Mr. Preston. Perhaps I am. I think all love is conventional at the bottom—at least, there are some laws it can not, dare not break."

He made no answer. He offered her his arm and she accepted it, and they walked silently toward the high road.

"You have not told me what I can do for you?" he said at last.

"It is perhaps a great deal to ask. I want you—when I have gone away—to explain to Richard. He will be very hurt—then the old life to which he belongs will claim him, and he will see that I was right. The world has nothing to forgive him. It has a great deal to forgive me—and the world never forgives a woman. But at first he won't see that—and you'll help him to, won't you, help him over the bad hours. And then I shall leave you my address—I have your word, haven't I—and perhaps once or twice you

will write to me—and tell me—how things are?"

"I promise you," he answered huskily.

They had reached the gates of the fortifications. The sentry glanced at them and grinned in understanding.

"But you must stand back a moment, my friends," he commanded. "There are troops passing through. You will not mind a little delay, will you?"

Almost as he spoke a half dozen native horsemen trotted through the gateway and immediately afterward broke into a sharp canter along the highroad. Preston felt the hand on his arm tighten.

TWO "VAGS" GO TO JAIL

Two men were added to the summer garrison of the county jail when Edward Becker, 30, and H. J. McMahon, "knights of the road," were given sentences of twenty days each for vagrancy. Becker says he never had a home and McMahon says he has a wife and three children at Buffalo, N. Y. McMahon said he had so far. Judge John Brindley gave him time to heal them.

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This preparation for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by O. T. Erhart or any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

## JUNIOR BANQUET IS DECLARED OFF BY "NORM" CLASSES

For the first time in the history of the La Crosse normal school, there will be no junior banquet in connection with the commencement festivities of the school. The question was brought to a vote Tuesday in general assembly and was turned down. An 89 to 56 vote this morning against the holding of a banquet in general assembly settled the matter.

Instead it was voted to hold a reception and dance in the gymnasium Saturday night of this week.

The expense of a banquet was the only reason advanced by the junior class for their departure from school traditions.

## BRITAIN TO HAVE 37,000 WAR BABIES

LONDON, June 4.—More than 37,000 "war babies" will demand the consideration of the British public at the end of the first year of the war, Mrs. Emmeline Pankhurst told a big audience of women gathered to discuss the "war baby" problem in the Palladium, yesterday afternoon.

The suffragists intend to create a model institution to care for as many as possible, Mrs. Pankhurst said. "But we hope that the government will later take over the institution and nationalize it," said Mrs. Pankhurst.

Mrs. Pankhurst announced that voluntary contributions for establishing the "war babies" home already total \$20,000.

## VETERANS ARE GRATEFUL

A vote of thanks to Rev. Fraser of the Caledonia Street Methodist church for the Memorial day service held Sunday at the church and to the United Spanish War veterans, the Sons of Veterans and the North Side Military band for participation in the Memorial day program on the north side has been voted by John Flynn post No. 77, G. A. R.

## FELLOWSHIP URGED AMONG FARM MEN AT GUERNSEY MEET

Marketing, Dairying and Shipping Should Be Done by Community Groups Says Judge Mahoney

A plea for more extensive co-operation among farmers in marketing of their products and in the establishment of mutual co-operative creameries, cheese factories and stores and other concerns characterized the speech yesterday afternoon of Judge D. O. Mahoney of Virroqua, jurist-farmer pioneer of the co-operative idea in this section of the country. He delivered it before the annual Guernsey Breeders' picnic at the county agricultural school at Onalaska.

Judge Mahoney, as a member of the American Society of Equity and a man active in the affairs of the numbers of farmers' co-operative concerns of Vernon county, is known throughout the state.

That the establishment of social centers as advocated by the extension division of the University of Wisconsin has done and will do more for the uplift of the rural community than any other single agency was his statement. Farmers, he said, are as a rule lovers of the literary and social side of life, but are in many cases unable to satisfy their desires through remoteness from towns and local characteristics.

Through the social center, he said, the rural dweller and his family are brought into social and intellectual contact with others to a broad degree through the holding of entertainments, lecture courses and in many cases small chautauquos.

Adolph Nettleman of West Salem, president of the Guernsey Men's association, and W. H. Griswold of West Salem, pioneer breeder of guernseys in this county, spoke.

Plans for the organization of a Holstein breeders' association along the lines of the guernsey men's organization were laid yesterday, with Fred Nettleman of West Salem, chairman of the committee on constitution and by-laws. The other members of the committee are Fred Sprain, and Herman and William Egler. An organization meeting will be called as soon as the committee reports, probably some time during the summer. All Holstein breeders of the county are urged to get in touch with the members of the committee.

Judging of cattle by the men attending the picnic was conducted under the direction of E. L. Liddle, head of the department of animal industry of the county agricultural school. Results have not yet been determined.

Breeders of grade guernseys were victors over the breeders of pure blood guernseys by the score of 30 to 9 in baseball in the afternoon. Upwards of three hundred people attended the picnic dinner held on the lawn of the school. Music was furnished by the school orchestra and the glee club.

"Dear sir," wrote the anxious mother, "I am afraid Johnny is not trying enough."

"Dear madam," replied the harassed teacher, "I assure you that Johnny is quite trying enough. He is the most trying in his class."

## ART ASSOCIATION HAS 300 MEMBERS

First Charter Membership List of New Organization Is Made Public Today

MANY INTERESTED IN WORK

Association Says Many of Members Have Not Limited Their Support to Membership Fee

The Art Association of La Crosse now numbers over three hundred members. It was the intention of the directors to print the names immediately at the close of the recent exhibit of pictures. However, it was discovered that many persons, notably friendly to every beneficial enterprise, and known to be interested in art, were not on the list. The membership committee at once began to interview these and meanwhile discovered almost endless opportunities for increasing the list.

Membership in the association is open to any citizen. It has been discovered that many persons have thought that some knowledge of art, or some talent is required of members. Others have thought that joining the association commits them to a lot of work. But the whole thing is voluntary. The dollar membership fee is the main thing, after all. It is the evidence of good-will and desire to support a good thing.

The association is fortunate in having a number of members whose main concern is for purchasing pictures and financing the efforts of the club. Generally these friends are too modest to have their names made known, most of them, in fact, preferring not to be mentioned in any way. The association must be content, therefore, to mention the fact that many have not limited themselves to the single dollar required.

The list of members, as printed, is known to be incomplete. A tremendous amount of work on the part of a willing committee has been necessary in securing the splendid list printed. But the list of Charter members must be released. It is printed mainly for verification. Look it over carefully. If your name should be on it and does not appear, don't blame anyone but call up the secretary, Miss Helen Dorset, Phone 865-C, at once.

It is not necessary that the dollar be paid at once, although the money is welcome. The main thing is to declare your intention of being a member. The final list, with corrections and additions, will be printed later. But those who desire to be known as Charter members, founders of the movement in La Crosse, should send in their names at once.

Following are the Charter members of the association:

## WISCONSIN WEEK TO BRING SPEAKER DIRECT FROM WAR

Lincoln Wirt, famous Arctic explorer and traveler, who lectures here during Wisconsin week, July 4 to 11, is at present in Europe visiting the battle fields and collecting material for his great lecture entitled "In the Wake of the War."

Mr. Wirt has received special permission from the kaiser to go to the front in one of the army automobiles and see for himself how the war is being carried on. He expects to get similar favors from Lord Kitchener.

when he goes to visit the English army in northern France. Mr. Wirt has a wonderful power of describing things, and it is expected his lecture on European conditions will surpass in interest anything that has ever been given heretofore in the city of La Crosse.

### MRS. McKILLIP AT REST

### BANGSBURG-SNYDER

Yesterday afternoon at 3 o'clock  
at the home of the bride's parents,  
Mr. and Mrs. C. J. Snyder, 1508  
Wood street, took place the mar-  
riage of Miss Irene Snyder and Mr.  
Chester J. Bangsberg. The cere-  
mony was performed by Rev. Ray W.  
Smith, of Wonesno, brother-in-law  
of Mr. Bangsberg. The ring service  
was used, Little Margaret Virginia  
Snyder, niece of the bride, bearing  
in the ring in the heart of a calli-  
lily. The bride was attended by her  
sister, Miss Dorothy Snyder, and  
Amor C. Bangsberg, brother of the  
groom, was best man.

The ceremony was performed in a  
corner of the parlor which had been  
prettily arranged for the occasion  
with ferns and bridal wreath. Miss  
Alice Combellick played Mendels-  
sohn's wedding march as the bridal  
party entered the room.

The bride was charming in a gown  
of white tulle trimmed with white  
chiffon. She wore a tulle veil ar-  
ranged in cap effect with fillets of  
valley, and carried a shower bouquet  
of bride's roses and lilies of the val-  
ley. Miss Snyder wore a gown of  
pink charmeuse and cream lace and  
carried Killarney roses. The little  
ring bearer was dainty and sweet in  
an embroidered frock of white be-  
tiste.

Supper was served following the  
ceremony to about fifty guests.

Bride's roses were used on the bri-  
dal party table, and pink roses on  
the other tables.

Miss Cora Bangsberg caught the  
bride's bouquet.

Among the out of town guests at  
the ceremony were Mr. and Mrs. Earl  
Mac Intosh, of Burr Oak; Mr.  
Oscar Strandt, of West Salem; Mr.  
C. Bangsberg, of Viroqua; Mrs. Wal-  
ter H. Snyder, of Portsmouth, N. H.;  
Mr. and Mrs. Ray W. Smith, of  
Wonesno; Miss Myrtle Bangsberg of  
Milton.

Mr. and Mrs. Bangsberg left on  
the evening train for the Twin Cit-  
ies, and upon their return will live  
on a farm near Viroqua, Wis.

### ALL IS READY FOR HIGH SCHOOL PLAY

A promising advance sale has been made to pay for the high school senior class play, which will be at the La Crosse theater tonight. The play is "All-of-a-Sudden Peggy," an up-to-date comic drama. The democratic high school prices prevail, fifty cents being the price of the most expensive seat in the house. At noon today there were a number of excellent seats left in the fifty cent section and also many good thirty-five and twenty-five cent seats.

The proceeds of the play will be used to pay for the senior class in the high school booster. A picture of every class member is published in the Annual this year and consequently it is necessary to raise a large sum to defray the expenses. Present outlooks for a crowded house are good, if the weather is fair.

### SALOON NUMBER 1 LICENSED TODAY

Louis C. Olson, 224 South Third street, who recently bought the sa-

Clerk Hoffman announces that license time is at hand. All license money must be filed with him not later than June 15 in order that saloons may be kept open after July 1.

### STEEL TRUST GETS JUDICIAL SANCTION

Government's Dissolution  
Suit Fails in Trenton and  
Monopoly Charge Is  
Upset

#### NEW LIMIT PUT ON TRUST LAW

Intent to Obstruct Trade or  
Inherent Wrong of Com-  
bination Must Be Proved  
Says the Court

TRENTON, N. J., June 4.—The government's motion asking for an injunction and dissolution of the United States steel corporation was denied in an opinion in the United States court yesterday afternoon.

The decision was unanimous and the steel corporation won on every point.

Gary Dinner Were Illegal  
The decision holds that the corporation should not be dissolved, that the foreign trade of the corporation is not a violation of the Sherman law, that certain price fixing agreements which followed the famous Gary dinners but which stopped before the bill was filed have been unlawful.

The court allows the government to move to retain jurisdiction of the bill if such price fixing practices are renewed, but suggests that such matters may now be controlled by the new federal trade commission.

The opinion is largely a discussion of facts on the question of whether the steel corporation monopolized the steel trade or dealt unfairly with competitors or purchasers.

In this case a proceeding under the Sherman anti-trust law is largely one of business facts, the opening statement of the opinion says, and forms its keynote. It declares that all the cases that have been determined settle down to this:

Limits Sherman Act  
That only such combinations are within the Sherman act as by reason of the intent of those forming them or the inherent nature of their contemplated act wrong the public by unduly restricting competition or unduly obstructing the course of trade.

In answer to the questions which the court was to determine with respect to whether the suit was filed, the steel company was unduly restricting competition or obstructing trade in the home market, decision holds that the proofs show that when the bill was filed the company's competitors were doing 60 per cent of the country's steel and iron business.

On this question the opinion says: "The field of business enterprise in the steel business is as open to, and being as fully filled by the competitors of the steel corporation as it is by that company."

WASHINGTON, June 4.—The justice department would make no definite statement today concerning the steel trust case, but it was understood on good authority that the litigation almost certainly would be taken to the supreme court.

NEW YORK, June 4.—The effect of the favorable decision yesterday for the steel corporation in the government's suit made itself strongly felt at the opening of the stock market today. Trading was active in all issues and gains from one to four points were shown in the first sales.

Twenty-eight thousand shares of steel were sold simultaneously at prices ranging from 64 down to 62 as compared to the close of 59 1/2 on Thursday.

American Canning opened with sales from 42 to 45 as against the close price of 39 1/2 yesterday. Corn Products opened from 15 to 17, the last price being a gain of 3 1/2 over night. Both of these companies are defendants in anti-trust actions.

In the first fifteen minutes of trading 65,000 shares of steel common changed hands.

International Harvester jumped to 114 compared with a bid of 98 at Thursday's close. A decision in the government's suit against that corporation is expected before the supreme court adjourns for the summer.

This intention, it is thought, is behind Carranza's defiant assertion that he proposes to proceed immediately to retake Mexico City and crush his rivals. There is little hope here that any of the factions will be able to accomplish so complete a result in the time which President Wilson is likely to give before proceeding to more vigorous action.

**BOSSHARD ASKS AID  
TO CONSERVE WILDS  
AT GAME PRESERVE**

MADISON, Wis., June 4.—(Special)—State aid in the amount of \$2,000 for the protection and propagation of wild life on a state game farm within the state forestry reserve was advocated before the joint finance committee of the legislature yesterday afternoon by Senator Otto Bosshard of La Crosse and Game Warden John A. Sholtz. Senator Bosshard said that unless such means were used the wild life of Wisconsin would soon be extinct. He declared that twenty years ago the wood duck was common in Wisconsin, but that now it was necessary for the federal government to declare a closed season in order to protect this bird.

Warden Sholtz said that the state had three miles of fence around the preserve, that many wild animals acclimated to Wisconsin had already been confined and that Wisconsin has general reputation of having one of the finest game farms in the United States under way in Vilas county.

International Harvester jumped to 114 compared with a bid of 98 at Thursday's close. A decision in the government's suit against that corporation is expected before the supreme court adjourns for the summer.

### IRVIN SMITH DIES AT DAUGHTERS HOME APOPLEXY CAUSE

Once Prominent La Crosse  
Contractor Succumbs at  
Winona After Long  
Suffering

Irvin Smith, for seventeen years a resident of La Crosse, once prominent in business here, who left here about six months ago to reside with a daughter at Winona, died Sunday with a stroke of apoplexy. He had been suffering for several years prior to the final attack. Funeral services were held at Winona Thursday from the Pro-cathedral and interment was made at St. Mary's cemetery there.

Mr. Smith was born in Pittsburgh, November 15, 1847. He moved west in the early days and settled at Brodhead, Wis., where at the age of 17 he enlisted in Co. F, 38th Wisconsin volunteers in 1864. In 1867 he went to Winona and engaged in the carpenter and contractor trade, where he erected many public and private buildings.

He was married in 1873 to Mary Conway of Scranton, Pa., and four children were born to them—George T. Smith of Winona, Irvin of St. Paul, Edward, deceased, and Mrs. W. L. Donahue of Winona, at whose home he died.

Mr. Smith moved to La Crosse seventeen years ago and continued his trade here. He retired some years ago, and in January, owing to his ill health, removed to his daughter's home.

Mrs. Walter Woods of La Crosse attended the services Thursday.

**POINTS RAISED  
IN GERMAN NOTE  
ARE DISREGARDED**

(Continued from Page One.)

of German ancestry, who will endeavor to make clever to Germany the actual feeling in the United States and the fact that the United States is endeavoring to maintain the strictest neutrality.

The German ambassador has been unable to impress upon his home government, it is stated, the American viewpoint toward submarine warfare as a general thing, with the result that there has been growing up a belief in Germany that this government has been trying to deprive Germany of her most available weapon. This belief has been fostered by the writings of Count von Reventlow and other leading German militarists.

The ambassador will be able to assure his home government, through these representatives who are going back to Germany, that the American position is as follows:

The rules of international law, as recognized by the various international conferences, apply to the present conflict.

All the belligerents are entitled to such reprisals on their enemies as are sanctioned by these rules.

Submarines are in the same class as other warships; their use is entirely proper, but they must follow out the policy of visitation and search when proceeding against vessels other than recognized ships of war, especially when such vessels are passenger carriers, and non-combatants and neutrals must be given such protection as is compelled by international law when it is necessary to sink vessels that are carrying contraband.

However, officials here say that the German embassy realized that if Germany will reaffirm, for America's benefit, her adherence to international law, the United States will be in duty bound to insist that the allies also return to a strict observance of the same regulations, this being the compelling reason why Count von Bernstorff's representatives will use their influence in Berlin to have concessions made to the United States.

In meeting the fundamental American demands, Germany will put the United States in such position that she must insist that the other belligerents also live up to the law. This will compel the president, when he finally frames his note to England and France, refusing to accept the order in council, to demand that either enforce a blockade of the German coast in a proper way, with warships, as demanded by international law, or stop any interference with neutral shipping intended for German ports, unless it carries contraband.

Such action, it is almost certain, will follow the German controversy is amicably settled.

FIGHT IS PROMISED  
IN STATE SENATE  
ON CONSOLIDATIONS

Vint Minimum Wage Bill to  
Be Opposed by Great  
Manufacturing Inter-  
ests of Entire State

MADISON, Wis., June 4.—By the latter part of next week the assembly will be nearly ready for the consideration of the large financial measures of the session. Nearly all of the consolidation bills have now been passed upon by the house and the fight over them will now come before the senate. Three bills will engross the attention of the assembly next week. On Wednesday the central board of education bill will be taken up and considered. So many substitutes have been offered to this measure and so many other amendments have been prepared that it will be offered later that it is possible that this bill alone will occupy an entire day in the assembly.

The water power bill has been recalled from the joint committee on finance and will be referred direct to the calendar. In the senate this bill required two days' time for consideration, and it is said that several substitute measures will be offered in the house before the bill has finally been disposed of.

The third measure of importance to come up next week is the Vint bill to fix the minimum wage for mercantile and industrial establishments. This bill applies only to females over 18 years of age and is strongly opposed by the manufacturing centers of the state, which sent large delegations before the committee in opposition to the bill. Assemblyman Vint says that he has statistics that

show that in most of the manufacturing centers it is practically impossible for a girl to live on a wage of less than \$10 a week. The committee report was four to five on the measure, which indicates that there will be a long and determined fight over the bill.

**RAY GRAMS MADE LIEUTENANT**

Raymond C. Grams of La Crosse, a freshman in the college of engineering of the University of Wisconsin, has been promoted to the rank of first lieutenant in the Second regiment of the University corps of cadets. Lieutenant Grams received the commission recently at the annual inspection of the regiment by President C. R. Van Hise. Lieutenant Grams held a corporalee in Company L, which won the annual freshman "compet" this year.

## TRIAL NECESSARY BEFORE MARRIAGE SAYS THIS WOMAN

BRIDGEPORT, Conn., June 4.—"It is always best to live with a man you are going to marry before you marry him, and then you know what you are going to get," was the explanation given by the former Mrs. Louise Ladeau Wenman for the presence of G. Fritz Nave, a rich St. Louis man, in her Long Island country home, according to her maid's testimony in court here.

Mr. Nave was apparently satisfied because she married him about a month ago," added the maid. The court action was brought by Mrs. Wilson Wenman for the custody of her son, who asserted the influence of the mother was not suitable.

## Two-Headed Baby Born In Chicago Lives 15 Minutes

CHICAGO, June 4.—Further examination was made today of a 15 pound baby boy born yesterday to a Chicago woman of Jewish birth. The baby had two perfectly formed heads, four perfectly formed arms, and hands and a third leg and foot, imperfectly formed. It weighed 15 pounds at birth and lived for only 15 minutes. During that time it breathed through only one head. The mother, a Jewess, 33 years old, has had five normal children. She will recover. The body was exhibited last night to the Chicago Medical society, whose officials today were attempting to persuade the parents to sanction an autopsy to see whether the internal organs were duplicated.

Most of those who shed tears at wedding have had a more or less extended experience in the matrimonial arena.

## Week's Offering In Movieland As Seen in La Crosse

By N. D. Tevis

Bigger and better features were shown at La Crosse "movie" theaters during the week than for some time. Features are practically nosing out all short reel programs, and La Crosse houses are in a position this summer to show the best that are produced.

"Judith of Bethulia" came back to La Crosse, at the Majestic theater, this week for the third time, and was the same success as formerly.

The Bijou theater's main attraction during the week was Fritz Scheff in "The Pretty Mrs. Smith." The Casino theater showed Charley Chaplin for all he was worth, in his humorous productions, and a good Broadway Star feature.

Among the best picture books for the coming seven days are Rita Jolivet's "The Unafraid," at the Bijou; Nat Goodwin's success "Gilded Fool," with William Farnum at the Majestic, and "Salambo" at the Casino.

The Casino offers something exceptional next Wednesday in Tennyson's poem of "Enoch Arden."

Casino Pictures  
"Salambo," the story of ancient Carthage, one of the big stage successes, is the attraction at the Casino today and tomorrow. It is a picture which has won wide success. The outlaw's revenge in the

OLGA PETROGA  
Playing in "The Heart of a Painted Woman," the attraction at the Casino Monday and Tuesday.

"Dawn of a New Republic," the story of Pancho Villa, recent powerful commander of one of the Mexican armies, is on the Casino program Sunday.

The Mutual company brings the film to the local house after continuing success elsewhere. A wonderful romance is wound round Mexican revolutions and the life of Villa, giving a true ring through the fact that a Mutual photographer accompanied the army of Villa in many of its battles.

Monday and Tuesday brings "The Heart of a Painted Woman," with Olga Petroga, star who was seen at the same house in "The Tigress." Motion picture critics all proclaim her work in this film exceptional and the photoplay of the film itself above the average.

"Enoch Arden," produced by the Master company, is a real treat promised for Wednesday and Thursday. The Master company was the first to produce the story in pictures.

"The Outcast" and "The Devil" were among the best pictures at the Casino during the last seven days.

The Lyric  
Charley Chaplin again took movie fans by storm Sunday in "The Champion," a picture which it seems will never grow old. Although the picture has been seen in La Crosse before, the management was forced to turn the crowds away.

An Edison drama, "With Bridges Burned," was shown on the same program.

An excellent Vitaphone feature, "A Child of the North," is being shown at the Lyric today. "The Substitute," with Billy Reeves, a brand new sort of fun maker and who many say is the logical opponent of Chaplin, gives his first performance at the La Crosse theater on the same program.

"A Jitney Elopement," with Chaplin again, comes to the Lyric tomorrow.

"Pawns of Mars," a Broadway Star feature, will be the attraction at the Lyric Sunday, June 6, when another Chaplin picture, "Between Showers," will bring laughs.

Several big features have been booked for next week, among which are "Killed Against Orders," and "The Apherkey."

Majestic Pictures  
Nat Goodwin's great success, "A Gilded Fool," is playing at the Majestic today and tomorrow. The role of Chauncey Short is played by William Farnum, who has already appeared in several excellent films at the local house this season. From the character of the "village cut-up" to the successful business man, that Short develops into, Farnum gives a wonderful characterization. "A Gilded Fool" is one of the best of the late production of the Fox company.

Nance O'Neill comes to the Majestic Sunday for a three days' performance in "Princess Romanoff," a picture taken from the famous story of "Fedor." An all-star cast accompanies her. The picture was directed by Frank Powell, who also had charge of the "A Fool There Was."

Heralded as the greatest war picture yet made, the Majestic will show "The History of the World's Greatest War," Wednesday. Critics and newspapers all over the country find nothing but praise for them.

### Canaries Sing to Audience

Blending their chirping with the music of the orchestra the canaries recently placed in the Majestic theater are attracting as much attention as the swans. Manager Koppelberger's biggest hit of the present season. They hang in their cages at the rear of the auditorium and sing continually.

### Star at Bijou

Rita Jolivet, Frohman's celebrated international star, is playing "The Unafraid" to La Crosse audiences at the Bijou theater today and tomorrow.

### MILWAUKEE SUFFERER TRIED JUST ONE DOSE

Ben Behling Gave Up Hope Before He Found Remedy—Happy Now

Ben F. Behling of 959 Louis avenue, Milwaukee, was a sufferer from malady of the stomach and digestive tract for a long time. He gave up hope.

At last he discovered Mayr's Wonderful Remedy. He took a dose just to try it. The results were remarkable. He wrote:

"I was in such bad condition that I had given up hope of ever getting well again. I sent to you for one dose of your remedy and took it the same day you sent it. It has worked wonderfully. I took five more bottles, one each week, I am now a new man again. I thank you a thousand times for the good you did me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee. If not satisfactory money will be returned.

The cast includes House Peters, a Paramount headliner. The South American travel pictures, a distinct hit, are also showing on the same program.

Frohman also brings out William Elliott, star of the "Madame X" stage production when the Bijou shows "When We Were Twenty-One," Sunday. The picture is Mr. Elliott's first appearance in screenland.

The picture will be the attraction Monday and Tuesday also and will be followed by the second installment of "Who Pays?"

"Who Pays," a series of pictures characterizing "life," are being watched with interest at the Bijou. Each picture is complete in itself. Each Wednesday the theater management will show one "question" and installments of current happenings will be shown in the well known "Pathe Weekly."

The supply of the Paramount monthly magazine arrived at the Bijou Tuesday and the supply was quickly exhausted.

### WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

### GENERAL WOOD STATIONED AT CAMP

Detachment of Minnesota  
National Guard Arrive at  
Robinson Yesterday in  
Readiness for Work

SPARTA, Wis., June 4.—(Special.)—Battery A of the First Field Artillery of the Indiana National Guard, reached Camp Robinson yesterday from Lafayette, Ind., where it is stationed.

The battery will be encamped at Robinson until June eleventh, when they will return to Lafayette.

The battery which is comprised of about one hundred and fifty men, including officers, is composed entirely of students of Purdue university, and all of the officers are instructors in the same institution. As the national guard is not empowered to own horses, the battery while in camp here will use government horses, about one hundred and fifty of which are at Camp Robinson.

Capt. McVicar is commanding officer of the battery. A detachment of Minnesota National guard officers and non-commissioned are at Camp Robinson to receive instructions in field work. Prominent among the officers is Adj. Gen. Wood, head of Minnesota National guard.

## PRONOUNCED INCURABLE, MAN RECOVERS HEALTH

FRED MAYER

Another story of the wonderful merits of Nature's Creation is told by Fred Mayer, 1711 Milburn street, Indianapolis, Ind., who was saved from what seemed certain death by this remedy.

"About three years ago I had typhoid fever which left my stomach in an awful condition," he writes. "I had enlargement of the liver, impure blood, gastritis, poor circulation, catarrh, hemorrhage of the bowels and general weakness. I treated with several doctors who said my condition was hopeless and incurable. They said it was not necessary for me to take any medicine. A friend of mine, Harry Cuykendall, who had been cured by Nature's Creation, told me about the medicine and so I thought I would try it. I began improving at once. My appetite became better and I felt better in every way. I could work a little and knew I was regaining my health. After taking seven bottles I was completely cured, sound and well. I now weigh 154 pounds, having gained 30 pounds. I am enjoying good health and thank Nature's Creation for curing me. I think it is a wonderful medicine."

This is by no means an unusual success for Nature's Creation, which is bringing health and happiness to thousands of American homes to-day, accomplishing what almost seems to be the impossible in cases of tuberculosis and the conditions which lead to it—such as asthma, bronchitis, catarrh, impure blood and run-down system. Everyone should learn the truth about this remedy, which we will gladly furnish. Write for a copy of our new booklet, "Truth," containing photos and testimonials of former sufferers. Address Elmer Haenlein, 32 Sentinel Bldg., Milwaukee, Wis. Nature's Creation is not a patent medicine and is not sold in drug stores. Beware of substitutes—demand the original and genuine Nature's Creation. Watch for Nature's Creation testimonials, which will appear in this paper every Friday.

### ELIZABETH SCHILD CALLED WEDNESDAY

Mrs. Elizabeth Schild, wife of the late John Schild, former county treasurer, died at 8:30 Wednesday morning at the home of her daughter, Mrs. Matt Seiler, 1222 Jackson street, after an illness since last August with a complication of diseases, which some time ago developed into pneumonia. She was 71 years old.

Mrs. Schild was a native of Germany. She came to this country at the age of eleven, living for several years in Massachusetts, later coming to La Crosse, where she joined her parents on their farm at St. Joseph's Ridge. She has lived in La Crosse and vicinity for more than fifty years.

Surviving her are two sons and three daughters, Henry of Mormon Coulee and Albert of La Crosse, and Mrs. Matt Seiler of La Crosse, Mrs. Fred Seiler of St. Joseph's Ridge, and Mrs. George Hoeth of Mormon Coulee, and one brother, William Schwab of Minneapolis.

Funeral services will be held at 1 o'clock Sunday afternoon at the home and at 2 o'clock at the Mormon Coulee German church, Rev. Henry Andreas officiating. Interment will be in the Mormon Coulee cemetery.

### Valuable Item for Men

Health and strength hitherto unknown will be felt surging in rich red blood through the arteries and veins and life's greatest ambitions may be realized as never before if the following special treatment is followed by those who are stricken with that most dreaded of all afflictions, nervous exhaustion, accompanied with such symptoms as extreme nervousness, insomnia, cold extremities, melancholia, headaches, constipation and dyspepsia, kidney trouble, dreadful dreams of direful disasters, timidity in venturing, and a general inability to act naturally at all times as other people do. Lack of poise and equilibrium in men is a constant source of embarrassment even when the public least suspects it. For the benefit of those who want a restoration to full, bounding health and all the happiness accompanying it, the following home treatment is given. It contains no opiates or habit forming drugs whatever.

The treatment consists of (3) three-grain cadomene tablets, packed in sealed tubes, and widely prescribed and dispensed by physicians (and well stocked pharmacists). Pull directions for self administration now accompany each tube. It is claimed that these tablets possess the most wonderful tonic-investigating powers which can soon be experienced after taking them.

### NOTICE TO CONTRACTORS

The undersigned Board of Public Works of the City of La Crosse will receive sealed proposals at their office in the city hall building, in said city, until 2 o'clock p. m., the 10th day of June, 1915, for the furnishing of all materials and doing all work to fully complete in every detail, according to plans and specifications now on file in the office of said Board of Public Works, for filling the pile and timber bridge adjoining the steel bridge over west channel and riprapping sides of fill.

All material to be furnished and all work to be done to the satisfaction and acceptance of the Board of Public Works aforesaid. Said work to commence forthwith and to be fully completed on or before January 1st, 1916.

All proposals shall be sealed and directed to said board, and shall be accompanied by a bond to the city of La Crosse, in the penal sum of two hundred dollars—\$200—which bond shall be signed by the bidder and two more responsible sureties, who shall each make affidavit that he is owner of real estate in the county of La Crosse, free from incumbrance and subject to execution of said bond, conditioned that said bidder will enter into contract and a new bond within ten days with good and sufficient sureties conditioned that he will execute and fully perform his said contract according to his said proposal and specifications therefore. Surety bonds preferred.

All bonds and cash must be submitted separately from proposal.

No bond will be required of any bidder who at the time he offers his proposal as aforesaid, shall deposit with the board a sum of money equal to 50 per cent of the penalty of his bond, under an agreement that the same shall be returned to him in case the contract is not awarded to such bidder, or in case he makes no default in entering into contract with satisfactory sureties, if his bid is accepted.

If the contractor fails to complete his said contract on the day mentioned, the same shall pay to the city of La Crosse the sum of one-half of one per cent of bid for each and every day thereafter until such contract is completed.

The right is reserved to reject any and all bids, or parts thereof, as submitted.

Dated this 3rd day of June, 1915.

### WHERE IS CINCY'S SENSE OF HUMOR?

CINCINNATI, O., June 4.—Sense of humor is signally lacking in street car conductors.  
When mounted Policemen Ohnstein and Ten Brunel threw a conductor's lunch at his head and gave him a milk bath, the poor conductor couldn't see the joke.  
Ohnstein and Ten Brunel face trial on charges of conduct unbefitting an officer and a gentleman. Safety Director Holmes' sense of humor was absent also.

CHOOSERS HER CASKET  
DALLAS, Texas, June 4.—"When I die, I want to be buried in that white casket," said Miss Frances Payne, singer, pointing to a particular casket in a local coffin factory after she had attended religious services a week ago. She was buried in it—a victim of an automobile crash.

### PRAIRIE BOY HURT IN SERVICE WITH ARMY OF BRITAIN

Word Reaches Prairie du Chien that "Jack" Gilchrist Is Recovering from Bullet Wound

PRAIRIE DU CHIEN, Wis., June 4.—(Special.)—Relatives here have received tidings that "Jack" Gilchrist, a former Prairie du Chien boy, who has been fighting with the British expeditionary forces in France, is recovering from a bullet wound in his head.  
Young Gilchrist's injuries were not sufficiently serious to necessitate his return to England, but were treated in a field hospital near Paris. He will soon be able to rejoin his regiment.

Lodge Meets  
An unusually large number of members and visitors of Vesta chapter, No. 14, O. E. S., were present Tuesday evening at the last meeting of the season. Following initiation ceremonies and a social hour refreshments were served by a committee composed of Mesdames William Boeckh, Fred Evert, Jr., C. A. Armstrong and Dr. R. W. Fallis.  
Club Gives Play  
The Amphion club of St. Mary's academy will present "The Last of the Vestals," an historical drama, in connection with the annual commencement festivities which take place June 15 and 16.

### THE PRICE OF SUCCESS

Many people pay a terrible price for success, sacrificing to it health and happiness. Neurasthenia, a typically American disease, is due to worry over the struggle for success more than to any other one thing.  
Neurasthenia is a condition of nervous exhaustion in which the system fails to recuperate after unusual demands upon its nervous energy. Its symptoms are over sensitivity, irritability, a disposition to worry over trifles, headache, possibly nausea.  
The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills. Begin the treatment today before your condition becomes chronic.  
Two useful books "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent free by Dr. Williams' Medicine Co., Schenectady, N. Y., if you mention this paper.

### GOTHAM NOT SO VERY FAR BEHIND

Broadway and Fifth Avenue  
Furnish Many Tips  
for Fashionable  
Dressers

(By MARGARET MASON).  
(Written for the United Press).  
You can rave about the fashions  
That come from gay Paree  
But styles in little old New York  
Are good enough for me.

You can talk of shops in London  
In Paris and in Rome  
But I'll do all my shopping in  
The town that I call home.

NEW YORK, June 4.—You are right the Parisians have a wonderful touch when it comes to sartorial confections and also when it comes to Americans. They certainly touch them both most artistically and successfully.

As for London it's an excellent place to lay in a good supply of substantial like woolen lingerie or cashmere hosiery but oh what a joy it is to return to that Mecca of the Mode New York and fall all over yourself trying to snap up all the beautiful bargains on Broadway and Fifth avenue.

Believe me if you are on one side of Fifth avenue you don't have to come across to see more lovely and adorable frocks and trills and fixings than ever come across the sea. They are just thick on all sides.

This is true, of course, of all the big American cities, Chicago, Philadelphia, San Francisco, St. Louis and Kansas City. And talk about smart and pulchritudinous females, you see more in a minute in any American city than you can in a tank town than you can in London in a week. In fact the smart female is an unknown quantity in England unless she be an American or a Parisian on tour.

The general chic of the Parisians is an undeniable fact and raving beauties are often beauty spotted in their midst but I still contend that taking them en masse, as it were, all over their Continental cousins for both styles and good looks. Of course, I may be a trifle biased in my judgment but surely not more so than a mother citing the good points of her first born. Remember after all I'm not touching for New York alone.

Just to prove that New York can well afford to take a style tip from some of her American sister cities there is the case of the chic little lady from Buffalo. She breezed into Little Old New York one day last week in a frock that was not only the last word in sartorial perfection but was positively the last cry. Her costume, which was home grown right in Buffalo, was of black and white pin check surah silk. The tiny short straight jacket, was buttoned up the front with bullet shaped buttons of gunmetal pearl. The little V shaped neck was filled in a ruffle with dreadnought grey silk net in two folds and a ruche of net finished the back of the neck. A ruffle of the net and a pleated ruffle of the silk finished the long sleeves and pleated ruffles of the silk edged the short two tiered skirt, the upper tier of which was rendered buoyant with a bit of feather boning in the hem. A lacinoine. A grey kid belt finished the jacket. A tiny straw turban of grey finished her one extremity and grey silk hose and grey kid low shoes laced on the sides finished the other while gloves of the grey, stitched in black, proved themselves two good things to have on hand.

No one was more surprised than the little lady from Buffalo to find herself the target of all eyes and many audible and awed remarks as she tripped up the avenue. The supposedly blasé New Yorkers eyed her like a bunch of rubes in a jaytown satire at the banker's daughter just back from finishing school in the east.

Oh yes, New York has a lot to learn when it comes to a fashionable finishing school but she no longer has to go abroad for the education. She can pick up a post-graduate course in matters sartorial just any little day in any little city in the U. S. A.

### LABYRINTH REGION STREWN WITH DEAD

PARIS, June 4.—Whirlwind attacks by both sides are covering the "labyrinth" region southeast of Neuville into a field of dead and wounded.

Within twenty-four hours each side has launched at six separate attacks. The Germans rush forward, hurling bombs and hand grenades, only to fall back, their ranks broken, and in disorder. The French attacked with bayonets and made slight gains. Artillery engagements are proceeding everywhere in the region north of Arras.

### TURK AND GERMAN OFFICERS BATTLE?

SALONIKA, June 4.—In a general fight between Turkish and German officers at Smyrna several were killed and wounded, and the Val of Smyrna, who attempted to interfere, narrowly escaped being shot.  
Smyrna advices today said the fight occurred at one of the quays. A Turkish officer shot and killed a German in retaliation for an alleged insult. All the participants who survived were placed under arrest.

### KAISER'S SON AIR CHIEF

GENEVA, June 4.—The Kaiser's third son, Prince Adalbert, has arrived at the Austrian naval base of Pola, to take command of the Austro-German air squadron operating against Italy. Prince Adalbert is 36 years of age.
